

# PROMs in clinical practice: a scientific approach

12 September 9.30-17.30 - Amsterdam UMC, location AMC

## Program

- 9.00 -9.30 Registration and coffee
- 9.30 -9.50 Introduction - *dr. Lotte Haverman - Amsterdam UMC (AMC)*
- 9.50 -10.00 Welcome - *prof. dr. Hans van Goudoever, Amsterdam UMC (AMC&VUmc)*
- 10.00-10.30 The value of PROMIS for clinical practice  
- *dr. Caroline Terwee, Amsterdam UMC (VUMc)*
- 10.30-11.15 Implementing Patient and Parent Reported Outcomes in clinical care using KLIK:  
barriers and solutions - *drs. Hedy van Oers, Amsterdam UMC (AMC)*
- 11.15-11.30 Using PROMs in pediatric gastroenterology in the Emma children's hospital  
- *dr. Merit Tabbers, Amsterdam UMC (AMC)*
- 11.30-12.00 Break
- 12.00-12.30 When, why and how does feedback of PROMs data lead to improvement of patient  
care? A realist synthesis - *Dr. Joanne Greenhalgh, Leeds University UK*
- 12.30-12.45 The use of KLIK in cleft care incorporating the ICHOM standard set  
- *dr. Jitske Nolte, Amsterdam UMC (AMC)*
- 12.45-13.15 The utility and need of using PROMs in health care  
- *Speaker from Zorginstituut Nederland*
- 13.15-13.30 The KLIK PROM portal for clinical care and research in the Princess Maxima Centre  
- *prof. dr. Martha Grootenhuis, Princess Maxima Centre*
- 13.30-14.30 Lunch
- 14.30-14.45 The usage of KLIK in adults with gender dysphoria  
- *dr. Baudewijntje Kreukels, Amsterdam UMC (VUMc)*
- 14.45-15.15 Patient Symptom Monitoring During Routine Cancer Treatment: From the STAR System  
to the Moonshots - *dr. Amylou Dueck, Mayo Clinic USA*
- 15.15-16.00 PRO-cision Medicine: The Quest to Personalize Care Using Patient-Reported Outcomes  
- *prof. dr. Claire Snyder, Johns Hopkins School of Medicine, USA*
- 16.00-16.30 Discussion
- 16.30-16.45 Wrap up - *dr. Lotte Haverman, Amsterdam UMC (AMC)*
- 16.45-17.30 Drinks
